# DURA-INK® Dry Erase

## Dry Erase Ink Marker

NEW

***Bolder, industrial strength ink – writes on a wider variety of industrial surfaces such as metal, plastic and glass.***

Markal® DURA-INK® Dry Erase markers provide a temporary mark for many marking applications in an industrial environment. A bolder, fast drying mark the DURA-INK Dry Erase withstands the rigors of repeated, heavy use. Marks remove easily and leave no residue or scratches on metal, glass, stone, white boards, and other non-porous surfaces. Where a temporary mark is required DURA-INK Dry Erase markers are the worker's choice.

**FEATURES:**

- Industrial strength felt-tip ink marker for temporary marking applications
- Mark can be removed quickly and easily with dry rag, towel, or eraser
- No residue or ghosting after mark is removed on most industrial surfaces
- Suitable for any non-porous surfaces
- Will not scratch painted surfaces
- Suitable for surfaces that require a low-chloride/low halogen specification
- 1/8" bullet felt-tip makes solid, opaque, visible mark

**TYPICAL APPLICATIONS:**

**Manufacturing**

- On production lines for temporary parts identification, quality control and record keeping.
- At workstations for job requirements and work schedules.

**Fabrication**

- Temporary marks for measurement and cutting.
- Ideal for color-coding or to identify various shifts or operators
- White board marking in office and factory
