# NO-LEAD PRESSURE GAUGES LARGER DIAMETER – STEEL CASE

## SPECIFICATIONS:

- Constructed with a large diameter steel case and a 1/4” NPT no-lead brass lower male connection for easy installation.
- No-lead pressure gauges are specifically designed for water, air, steam, and other pressure applications that will not deteriorate brass alloys.
- These gauges provide an accuracy of +/- 3%, +/- 2%, +/- 3%.
- With a temperature range up to 140° F, they ensure reliable performance under various conditions.
- Each pressure gauge is individually boxed.
