TESTERS

Circuit/Receptacle Testers

TES SERIES CONT'D

FEATURES

- Hand-held probe testers for measuring household voltage presence without contacting conductors, analyzing circuit wiring and GFCI integrity and quick baterry testing.

CAT. NO.	FIG. NO.	DESCRIPTION	STD. CTN. QTY.
GFCI ELECTRICAL JUNCTION BOX WIRING ANALYZER			
TES-131	1	Plug in tester shows presence of correct wiring of electrical junction boxes. Also shows presence of up to 6 junction box wiring errors. Includes push-button GFCI integrity test. Neon bulb indication.	1
ELECTRICAL JUNCTION BOX WIRING ANALYZER			
TES-122	2	Plug in tester shows presence of correct wiring of electrical junction boxes. Also shows presence of up to 6 junction box wiring errors. Neon bulb indication.	1
90-200 VAC NON-CONTACT VOLTAGE TESTER			
TES-NC	3	Detects household voltages from 90 to 200 VAC without touching conductors. (2) AAA batteries are included. AAA battery test feature included. Double insulated. Pocket clip.	1
POCKET BATTERY TESTER			
TES-BT	4	Checks strength of AA, AAA, C, D, N, 9V and 1.5V Button Cell Batteries. Flip up contact arm fits battery poles.	1
