LEAD FREE*

Swirl Hose

Sizes: ¼" to ½" (8 to 15mm)

Lead Free Dormont Swirl Hoses are designed to quickly and easily connect water-fed appliances and equipment to water supply lines, providing trouble-free installations that save you time and money.

Flexible construction is made of durable, retractable, NSF certified Surethane®, providing ease of mobility of the equipment and an installation that will not kink or crack like ordinary copper tubing.

NSF Certified to NSF/ANSI 372

Applications

- Ice machines
- Coffee makers
- Steamers
- Combi-ovens
- Drain lines

Specifications

Tubing material: Surethane®

Maximum Operating Pressure: 100 psig

Maximum Operating Temperature: 160°F

***The wetted surface of this product contacted by consumable water contains less than 0.25% of lead by weight.**

Dormont product specifications in U.S. customary units and metric are approximate and are provided for reference only. For precise measurements, please contact Dormont Technical Service. Dormont reserves the right to change or modify product design, construction, specifications, or materials without prior notice and without incurring any obligation to make such changes and modifications on Dormont products previously or subsequently sold. Refer to the owner's manual for warranty information.

Dormont® A WATTS Brand
