LYNCH – METRIC

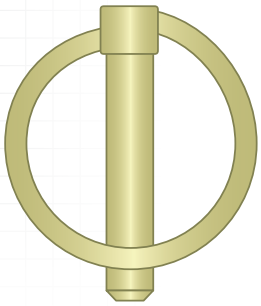
DIN 11023

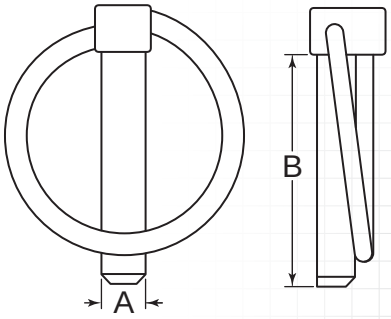
DESCRIPTION

A solid pin with an attached self-locking ring that snaps down firmly to hold the part securely in place.

HOW TO IDENTIFY

1. Verify pin with attached self-locking ring.
2. Measure pin diameter (A).
3. Measure shank length (B).
4. Find the part in the chart below.





PREFIX MATERIAL/FINISH

LPM = CARBON STEEL, ZINC YELLOW
