

X34 hydrants are used for filling field spray equipment, cleaning tools and equipment, lawn and garden care, watering livestock, fire protection - immediate water flow even in sub-zero temperatures.

Freezeless Yard Hydrant Model X34

Features:

One Piece Variable Flow Plunger - Large cushion type seal for longer life - is not easily damaged and assures shut-off even when foreign particles are present.

Automatic Drain Feature - Plunger opens drain when shut off to prevent freezing.

Maintenance & Repair - Can be accomplished from top of unit without excavating.

Tamper Proof Lock - Can be locked in closed position by inserting padlock or bolt through hole in link.

Long Life Packing - Graphite packing for lubricity and long life.

Long Life Valve Seat - Special shape - large contact area - eliminates need for renewable nylon seat.

Specifications:

Female Inlet: ¾" NPT

Casing: 1" Galvanized Steel Pipe
