

Fiber Raceway Side Drop-Off Kits

APPLICATION

Side Drop-Off Kits provide a safe exit for fiber at any point along the ducting in order to drop down to active equipment or work areas. Side Drop-Off Kits can be inserted into the side of the solid ducting or Outlet Trumpets may be attached at the open end.

SPECIFICATION

Side Drop-Off Kits shall provide a safe exit at any point along the solid ducting for fiber to drop down to active equipment or other work areas. Side Drop-Off Kits shall protect fiber and maintain proper bend radius. Components shall be UL listed and manufactured of fire retardant materials.

FEATURES

- Available in two sizes
 - 2" x 2"
 - 4" x 4"
- Inserts into the side of the duct for a rigid connection
- Drops can be added to existing installations at any point along the side walls or open end of the ducting
- Available in yellow, orange, black, and grey

Accessories:

- Tubing can be attached to Side Drop-Off Kits to safely enclose and route fiber as it exits the duct
- Ramp Up available for 2" x 2" kits to separate and guide the fiber away from the ducting towards the drop-off point
- Side Cut-Out Tool Kit available to prepare the duct for the connection of the Side Drop-Off Kit (Side Cut-Out Tool required to install drop)

DESIGN CONSIDERATIONS

- Manufactured of a fire retardant plastic that is halogen free and low smoke
- May be utilized to store and route copper cable in an indoor environment. It is recommended that fiber and copper be stored in separate systems
- Provides an entrance or exit point for fiber along the ducting in order to drop down to active equipment or work areas

STANDARDS COMPLIANCE

UL 94V-0 Material Rating for Flammability

Meets NEBS GR-63-CORE*

UL 2024A Optical Fiber Raceway, Riser Rated

PHYSICAL SPECIFICATIONS

Dimensions: See page two

Materials: Noryl Plastics

Color: See page two
