

SUPERTRONIC 2SE

Compact Threading Machine

ROTHENBERGER's portable SUPERTRONIC 2SE offers fast and steady threading, cutting, de-burring, and grooving up to 2 inches. The powerful 1150-watt motor provides strong turning power with consistent torque for swift, effortless production of accurate, standard pipe and bolt threads. The optional foldable, wheeled workbench makes transport easy whether on site or in the workshop, and replacing the dies is fast and easy due to the unique ball detent feature.

PRODUCT FEATURES

Threading Head

Automatic die head ensures proper thread length and depth.

Automatic oil feed provides ideal lubrication and cooling to maximize die life.

Low Maintenance Design

Easy access to all components for quick repair.

Dies can be quickly and easily replaced without removing the die head.

Chuck jaws are quick and easy to change.

Robust oil pump with flow adjustment and filter system keeps oil free from impurities.

Large, plastic tray catches chips and is easy to clean.

Additional Features

Self-centering pipe cutter quickly cuts pipe to length.

Snap-lock internal, triple de-burring blade removes sharp edges.

Smooth action impact hammer chuck for a powerful, no-slip grip.

Rear centering chuck for correct axial alignment.

Dual tool/feed slide with geared indexing.

Safety foot switch stops motor in case of emergency.

Oil-resistant cable has a long life.
