twist-up
holder**

WOOD
Rough or Smooth

GLASS
Slick or Textured

**CARDBOARD
OR PAPER**
Any Texture

METAL
Rusty, Rough
or Smooth

*Paint Dries in 5-7 Minutes

Marks like mad.

Quik Stik™ is an advance in marker technology that makes a quick-drying, long-lasting mark on virtually any surface imaginable: glass, plastic, metal, wood and more! It applies a bold line smoothly and handles effortlessly, so every marking job is easier and faster.

New Twist in Marker Technology.

Quik Stik's real innovation is its twist-up plastic holder. A simple twist advances the stick for use, or retracts it for storage. A snap-on airtight cap keeps the marker fresh, and your pockets clean, between uses. Plus, Quik Stik's durable outer shell protects the stick from breakage. Take it anywhere!

**20% MORE PAINT
THAN OTHER BRANDS!**

LA-CO® *Markal*™

Smooth-marking,
fast-drying paint.
Marks dry in
5-7 minutes

Bright, bold
fade-resistant colors
