Features and Benefits

- IPL06 designed specifically for dimmable LED and CFL lamps as well as incandescent
- Features a built-in starting technology for CFL lamps
- Wider dimming range on LED and CFL lamps than conventional incandescent dimmers
- Optional programming feature allows for users to modify the dimming range to optimize low light level performance when required
- Attractive styling coordinates perfectly with Leviton's complete line of Decora wiring devices
- Compatible with Decora Plus™ screwless and Decora standard designer wallplates
- Fit easily into a standard wallbox and are suitable for multi-gang installations
- IllumaTech controls come packaged with six product options in each box for superior versatility; 3 changeable color faces and single pole or 3-way control
