

Gangable Box Kits with Non-Metallic Covers for New Concrete

Economical and convenient way to add receptacles in a new concrete pour in commercial installations. Cover/Frame kits fit FLBC8502 and FLBC8500 (page P-12).

FEATURES AND BENEFITS

- Build the box you need; use the single gang box 'as shipped' or lock them together to build a two- or three-gang box, then pick the cover or frame kit that fits.
- The gasketed frame mounts to the box with supplied screws; plastic covers with gaskets then attach to the frame. More information and Installation instructions on page P-12.
- No water intrusion; devices are protected when not in use.
