Flood Lights

Energy-saving security lighting solutions

LED floodlights from Lithonia Lighting integrate long-life LEDs in an affordable, energy-saving, security lighting solution. High-performance motion sensors with multiple heads for easy aiming of light, help promote safe environments.

Floodlighting saturates outdoor areas with bright, uniform illumination. They can be used for applications such as highlighting a small commercial building façade, spotlighting directions and signage in an apartment complex or lighting a residential driveway.

These highly energy-efficient LED luminaires provide enhanced optical control using dusk-to-dawn photocell technology.

		27 2700K ¹

Notes
¹ Minimum 90-day lead time for non-standard color temperatures; minimum 50 order quantity.
² Small LED pan can be ceiling or wall mounted. Surface mount only.

3. Hangers

EXAMPLE: CAHL6

Size	Finish
1SHL40 Single Stem Hanger (4" to 40")	BN Brushed Nickel
3SHL6 6" 3-Stem Hanger	BZ Bronze
CAHL6 6" Canopy Hanger	
3CHL24 3" Cable Hanger (5" to 24")	WH White

Notes

¹ MVOLT driver operates on any line voltage from 120-277V (50/60 Hz). Specify 120, 208, 240 or 277 options only when ordering with fusing (SF, DF options), or photocontrol
² Only available with 20C, 700mA or 1000mA. See spec sheet for additional controls compatibility.
³ DSXPM has additional distributions. See spec sheet for details.
