

Wiss®

- Compound Action and Tinner's Snips
- Scissors and Shears
- Utility Knives

Wiss® products have been earning their reputation for craftsmanship and long life since 1848. One result: Wiss has been the market leading "call-out brand" for compound action snips for over 50 years. The wide product line now includes scissors, industrial shears, utility knives, siding and HVAC tools... all with famous Wiss quality built in.

Metalmaster® Compound Action Snips

The Wiss® line of Metalmaster® compound action snips is the most complete line on the market. Metalmaster® snips are advanced metal cutting tools originally developed for cutting extremely tough alloys used in the aircraft industry. Wiss® Metalmaster® snips are widely used by (HVAC) professional metal workers in gutter and flashing work, fabrication of heating and cooling ducts and for siding installation. Wiss® Metalmaster® snips are popular among homeowners for many projects found around the home. Maintenance specialists and industrial workers in the appliance, aircraft, automotive, electrical, and construction industries know the value of Wiss snips. Wiss® Metalmaster® snips offer superior cutting performance required of conventional snips to handle acute angles, complex patterns and circular shapes in galvanized steel up to 18 gauge (.049"). The M5R is recommended for 16 gauge (.065").

The jaws of Wiss® Metalmaster® snips are made of durable and wear-resistant special molybdenum steel. This provides the extra service demanded by the compound lever action and withstands the severe strain of cutting heavy stock or tight curves.

Wiss® also offers a comprehensive range of tinner's snips in various sizes. These are available in right, left, or straight cut, depending on the pattern. Made from drop-forged steel, each tool features polished jaws for smooth action, cleaner cutting, and grips for increased comfort and performance.

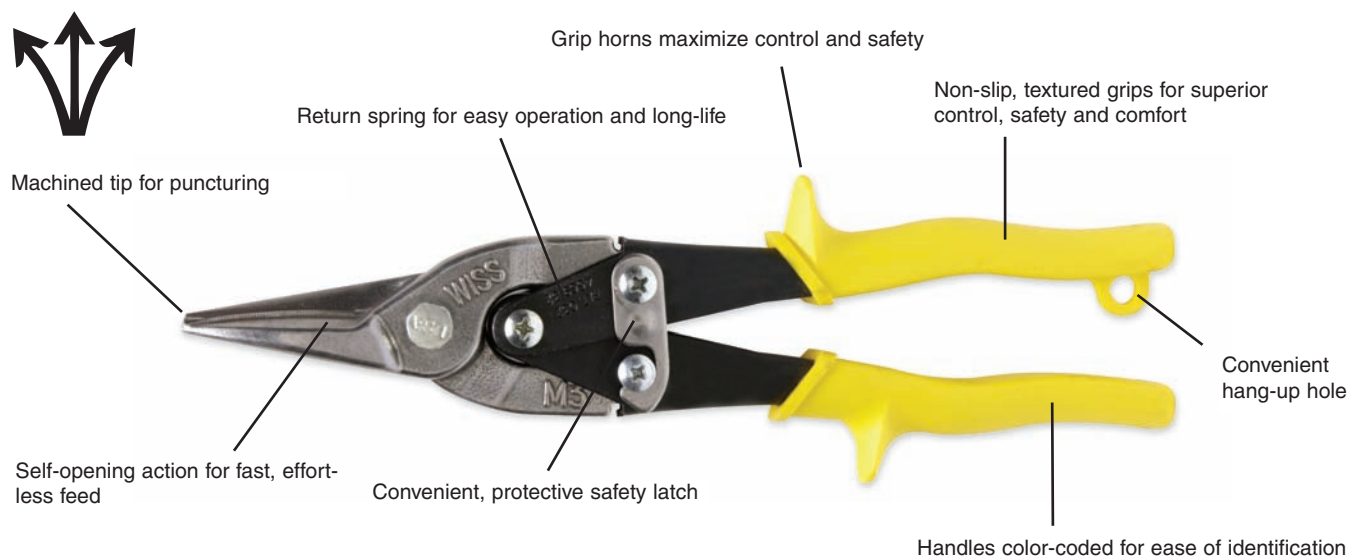

Snips selection chart

To find the proper snips for your requirements, check the chart below. Simply find your requirements in the listing. The applicable snips are indicated in the chart.

M3R Metalmaster® Compound Action Snips

- Cuts straight, left or right in light stock
- Perfect for home craftsman
- Non-slip serrated jaw of tough molybdenum steel allows for compound lever action
- Withstands strain of cutting heavy stock and tight curves
- Spring-action for fast, effortless feed
- Handle of high tensile strength alloy steel exceeds hand power limit
- Handy hang-up hole
- Non-slip, textured grips and safety latch

Cat. No.	UPC No.	Grip color	Length		Inch			mm	Recommended max. capacity low carbon cold rolled steel	Pack Wt.		Shelf Pack

See page 255 for repair parts for all Metalmaster® snips. When ordering these parts, please identify model number of snip.

M300 MultiMaster® Compound Action Snips

- 3" cutting blade designed for performance cutting
- Combines the long cut of tinners snips with compound action
- Compound action multiplies the cutting force
- Great for making long, fast cuts in sheet metal, aluminum, and much more
- Cuts up to 20 gauge steel
- Serrated jaws and non-slip textured grips

Solid Steel Tinner's Snips

- Traditional tools of sheet metal trades that are popular in schools and with home craftsman
- Wiss® Tinner's Snips are available in both straight pattern and in duckbill combination pattern
- A complete selection of sizes is available in both patterns
- Wiss® Tinner's Snips are made from hot drop-forged steel

Straight Pattern Tinner's Snips

A10N

- Cuts straight and wide curves (when trimming light gauge stock)
- For plumbing, heating, air conditioning and roofing trades, also used as handyman's tool
- Blades hand edged for maximum cutting efficiency
- Flat face guides tool along straight line
- Blades of quality steel, hot drop-forged for sharp edge and long life
- Rust resistant blades
- Double-dipped cushion grip for all-weather comfort and better grip

Industrial Snips

- Wiss® Industrial Snips are industrially used and have for years set the professional standard for incomparable ruggedness, durability, and efficiency
- Superior cutting properties and durability offers extraordinary edges for high performance

Straight Pattern

- Used for straight cuts and wide curves (when trimming light gauge stock)
- Blades hand edged for maximum cutting efficiency
- Flat face guides tool along straight line
- Blades of quality steel, hot drop-forged for sharp edge and long life
- Rust resistant blades
- Double-dipped cushion grip for all-weather comfort and better grip

Industrial use

Heating, Ventilating and Air Conditioning Tools

- Traditional tools of the sheet metal trades
- Made from quality steel for long life
- Treated industrial finish helps prevent rust
- Cushion grip handles for all-weather comfort and grip
- Suffix "V" in Cat. No. denotes carded product

3-Blade Hand Crimper

- Crimps up to 22 and 24 gauge sheet metal
- Compound action jaw
- Jaw of quality steel for long life
- Rust resistant blades
- Cushion handle for all-weather comfort
- Matte black finish and red plastisol grip

Cat. No.	UPC No.	Throat Depth		Length		Pack Wt.		Shelf Pack

Wiss® Utility Knives and Replacement Blades

- Wiss® offers a complete line of knives and replacement blades for DIY, professional and industrial uses
- Replacement blade styles include the standard sharp point heavy duty, extra heavy-duty, round point and hook styles
- All knife handles are designed for maximum comfort and usability
- Most knives come with three blades (except where noted below)

Quick-Change Folding Blade Utility Knife

- Patent-pending quick-change blade mechanism. Thumb release for easy blade removal and replacement.
- Folding design lets the blade recess completely into the handle
- Single-hand operation with interchangeable thumb pin and belt-clip
- Comfortable, non-slip grip with anodized aluminum housing
- Stainless steel belt clip for faster access (interchangeable)
- Accepts most .025" steel utility knife blades including round point and hook blades

Cat. No.	UPC No.	Description	Shelf Pack	Case Qty.
WKFQ4R	037103222206	Quick-Change Folding Blade Utility Knife	5	20

Quick-Change Comfort Grip Utility Knife

- Retractable utility knife with 8 positions
- Quick change blade release and reload
- Handle blade storage holds 3 blades
- Comfort grip for ease of use and slip protection
- Safety string cutter with recessed blade

Cat. No.	UPC No.	Description	Shelf Pack	Case Qty.
WK500V	037103209726	Quick-Change Comfort Grip Utility Knife with Blade Storage	5	25

Fixed Blade Knife

- DIY, professional and industrial uses
- Heavy-duty, fixed blade knife
- Uses all standard replacement utility blades
- Metal case painted Cooper red for easy visibility
- Knife comes with 3 blades

Cat. No.	UPC No.	Description	Shelf Pack	Case Qty.
WK9V	037103151377	Fixed Blade Utility Knife with 3 Blades-Carded	5	50

Heavy-duty Retractable Utility Knife

- DIY, professional and industrial uses
- Metal case painted Cooper red for easy visibility
- WK5V features zinc die-cast construction for added durability, non-slip handle for added safety, four blade positions for added versatility
- Uses standard utility knife blades
- Knife includes 3 blades

Cat. No.	UPC No.	Description	Shelf Pack	Case Qty.
WK5V	037103151544	Heavy-duty Retractable Utility Knife with 3 Blades-Carded	5	50

Retractable Utility Knife

- DIY, professional and industrial uses
- Popular all-purpose retractable knife
- Easy-run slide uses all standard replacement blades
- Metal case painted Cooper red for maximum visibility

Cat. No.	UPC No.	Description	Shelf Pack	Case Qty.
WK8V	037103151407	Retractable Utility Knife with 3 Blades-Carded	5	50

Snap Knives

- Suitable for all DIY uses
- Molded from high-impact plastic for long-term service
- WSK2V has metal-track to keep the blade secure in use

Cat. No.	UPC No.	Description	Shelf Pack	Case Qty.
WSK2V	037103151513	8 Point Snap Knife with Metal Track and 3 Blades-Carded	5	50

Utility Blades

- Wiss utility knife blades are high quality steel
- Replacement blades fit most utility knives
- Blades are available carded, and in dispensers
- Heavy-duty blades with sharp points

Cat. No.	UPC No.	Description	Shelf Pack	Case Qty.
RWK14D	037103151773	Heavy-duty .025" Blades, 100 per Dispenser	1	20
RWK14V	037103151445	Heavy-duty .025" Blades, 5 per card	10	100

Hook Blades

- Wiss utility knife blades are high quality steel
- Replacement blades fit most utility knives
- Blades are available carded
- Heavy-duty blades with hooked points

Cat. No.	UPC No.	Description	Shelf Pack	Case Qty.
RWK16V	037103151414	Heavy-duty .025" Hook Blades, 5 per Card	10	100

Shears and Scissors

As with other Wiss® products, the manufacture of shears and scissors begins with the finest quality cutlery steel. This combined with an extensive knowledge of metallurgy, the experience of skilled craftsmen, and the implementation of the quality control procedures have established Wiss® shears and scissors as the standard of excellence in the industry. Many progressive and innovative developments - Quick-Clip® Speed Cutters, Serrated Blade Shears - have helped to ensure that all Wiss® customers are provided with cutting tools that will cut easier, quicker, and better.

Wiss® shears and scissors receive the same attention to detail and quality as our world-famous Wiss® metal cutting snips.

Trimmers

- Shears have been precision engineered by American craftsman to give you longer cutting life, maximum cutting edge hardness and durability

Stainless Steel Scissors and Shears

Introducing a new line of lightweight scissors and shears with heavy duty stainless steel blades for extra durability. This new line of lightweight Wiss® scissors features durable stainless steel blades and a selection of styles perfect for many different applications. All come in attractive retail packaging designed to appeal to specific consumer needs, from general home use to light commercial applications.

Home and Craft Scissors

- Soft comfort grips with oversize high-leverage bottom ring
- Stainless steel blades for corrosion resistance
- Serrated lower blade grips materials securely for more even cutting
- Adjustable pivot allows fine-tuning to most comfortable setting
- Straight blade can be easily re-sharpened
- Cuts paper, fabric, cardboard, craft materials, and more

Ratcheting Pipe Cutters

- Ratchet pipe cutters offer an ideal way to cut pipe in confined spaces
- Cuts brass, cooper, aluminum, PVC and other thin-walled conduit material without damage
- Nylon/fiberglass frame construction for durability
- Lightweight aluminum cutting head with steel cutting wheel housing and rollers
- Steel carbon cutting blade wheel cuts most common pipe materials
- Interior ratchet mechanism rotates 360° inside tool head housing, while handle ratchet moves as little as 10-degrees
- Extra cutting wheel storage in handle for convenience and fast changeout (medium and large models only)
