

▲ WARNING ▲

THIS RELIEF VALVE IS RATED TO ALLOW A FLOW OF 5 GALLONS PER MINUTE (GPM) AT 100 PSI. CHECK YOUR PUMP RATING TO MAKE SURE THAT YOUR PUMP IS NOT CAPABLE OF EXCEEDING THIS FLOW RATE AT THIS PRESSURE. USE MORE THAN ONE RELIEF VALVE OR A LARGER RELIEF VALVE TO PROVIDE A TOTAL RELIEF VALVE FLOW CAPACITY EQUAL TO OR GREATER THAN YOUR PUMP'S CAPACITY AT THE MAXIMUM WORKING PRESSURE OF THE LOWEST RATED DEVICE IN YOUR SYSTEM, (EXAMPLE: IF YOUR PUMP CAN DELIVER 10 GPM AT 100 PSI, YOU WOULD NEED TWO RELIEF VALVES OF THIS SIZE). THIS VALVE IS DESIGNED FOR USE WITH COLD POTABLE WATER ONLY. ANY OTHER USE IS UNSAFE. CONSULT A QUALIFIED PROFESSIONAL ENGINEER FOR PROPER SYSTEM DESIGN AND SAFETY.

INCORRECT USE OR MODIFICATION OF THIS RELIEF VALVE CAN RESULT IN SYSTEM OVERPRESSURIZATION WHICH CAN CAUSE EXPLOSION AND PERSONAL INJURY.

**CALIFORNIA PROP 65: WARNING:** Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

**FOR NON-LEAD FREE VALVES:** It is illegal to use this product in the United States for potable water services (water intended for human consumption).

**FOR LEAD FREE VALVES:** This product complies with U.S. Safe Drinking Water Act (SDWA). Suitable for potable water applications intended for human consumption.

"Apollo" Valves
