

# SUBMITTAL DATA SHEET

## Plastic Pex

A.Y. McDonald Mfg. Co. plastic pex fittings are molded from highly engineered polymers which make them extremely durable and resistant to the effects of aggressive water and stress corrosion cracking. These fittings are intended for use in 100 PSI cold and hot water distribution systems operating at temperatures up to 180°F

Plastic Pex Couplings | Plastic Swivel Adapter | Pex Plugs  
Plastic Pex Tees | Plastic Swivel Elbow

### SUBMITTAL INFORMATION

- |                           |                       |
|---------------------------|-----------------------|
| - <b>Materials</b>        | - <b>Certified to</b> |
| Modified polyphenylsufone | ASTM F877 / F876      |
|                           | CSA B137.5            |
|                           | ASTM F2159            |
|                           | ANSI / NSF 61         |

**NO-LEAD:** The weighted average of the wetted surface of this no-lead product contacted by consumable water contains less than one quarter of one percent (0.25%) lead.
