

COILED HOSE

FLEXCEL® Polyurethane Reinforced Coiled Air Hose

FLEXCEL®
is also available in
straight hose
lengths and
assemblies on
page 16.

FLEXCEL is the original Reinforced Polyurethane self-storing hose. This extremely lightweight hose is extruded with an inner braid for additional strength, and this "integral piece" process eliminates the need of bonding individual layers of tubing, braiding and cover which tend to separate over time due to bending, flexing and pulsating. **FLEXCEL** combines the durability of bulkier hoses with the kink resistance and elasticity of Polyurethane to make a tough, long-lasting hose that is user friendly. **FLEXCEL** is available with reusable strain relief or reusable fittings. Available in three colors.

FEATURES

- ◆ 8" supply end and 16" working end pigtails eliminate the need for whip hoses.
- ◆ Excellent abrasion resistance.
- ◆ Withstands 200 PSI working pressure.
- ◆ Factory applied thread sealant supplied on male swivel fitting.

BENEFITS

- ◆ Kink-resistant; virtually undamaged by twisting or crushing.
- ◆ Much lighter than other air hoses.
- ◆ Extremely flexible and excellent coil memory.
- ◆ Very small bend radius and tight coil diameter reduces work and storage space.
- ◆ Up to 90% working length.

Color Code: Transparent Blue (T), Transparent Red (TR) and Transparent Yellow (TY)

Assemblies with Reusable Strain Relief Fittings Ordering Information:

I.D. x O.D.	Length	Model	MPT Fitting	Coil O.D.	Retracted Length	Weight (Approx.)
