

Undermount Faucets

CHICAGO FAUCETS
a Geberit company

Introducing the new Chicago Faucets undermount faucets.

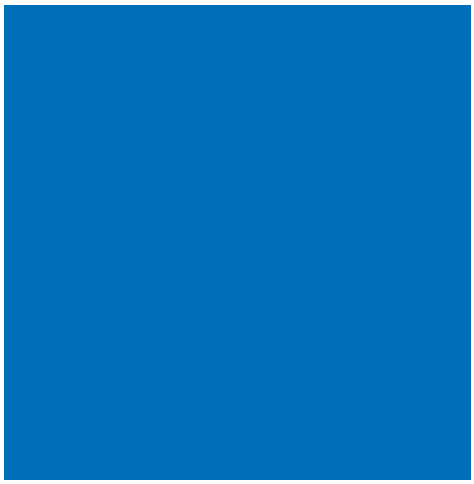

Chicago Faucets undermount faucets are better than ever before and more installer friendly than just about any other commercial faucet on the market. A choice of body styles, pre-assembled parts, and vandal-proof options help deliver durable performance and an easier installation. With a lifetime warranty on the body and interchangeable handles, spouts, outlets, and cartridges – you get a faucet that not only lasts, but one that's easy to upgrade.

- Choice of one-piece cast brass body or faucet with flexible stainless steel hoses for adjustability
- Fewer parts and pre-assembled components for a faster, one-person installation that reduces labor costs for installation and maintenance
- Meets the latest codes & standards with ECAST® faucets for lead-reduction laws and models for CALGreen requirements
- New restricted swing spout complements vandal-proof outlet and handles for high-abuse installations
- Interchangeable with the same handles, spouts, cartridges, and outlets you use on your current Chicago Faucets for unsurpassed flexibility
- A fully-threaded valve body that adjusts to almost any deck thickness to meet a wide array of applications

Performance starts with your body.

Save time with fewer parts and pre-assembled components for a 1-person installation in just a matter of minutes.

Keep the water in the sink and off the deck with a retrofittable restricted-swing spout option.

Unsurpassed interchangeability and compatible with the Chicago Faucets handles, spouts, outlets, and cartridges you already use.

Reduce abuse with models featuring vandal-proof handles and outlets.

Meet the latest codes & standards with ECAST® faucets for lead-reduction laws and models for CALGreen requirements.

The widest range of applications with a fully-threaded valve body that adjusts to almost any deck thickness.

Added installation flexibility with models featuring flexible hoses for adjustable handle placement.

Built to last with a solid, one-piece, cast brass body designed, manufactured, and assembled in the USA for maximum strength and stability.

ECAST® CALGreen BUY AMERICAN ACT COMPLIANT

Undermount With One-Piece Body

Installs in just minutes, but lasts a lifetime. Chicago Faucets undermount faucets with one-piece bodies help deliver durable performance and are easier to install than just about any other commercial faucet on the market. Pre-assembled parts eliminate extra handling and assembly at the job site. Interchangeability with all current Chicago Faucets components – from outlets to cartridges – provides unsurpassed flexibility, ease of maintenance, and helps extend the life of the faucet.

- **Precise alignment and extra strength** with a solid, one-piece cast brass body designed, manufactured, and assembled in the USA
- **Faster, one-person installation** with fewer parts and pre-assembled components

Undermount With Adjustable Centers

Adjustability has never been this easy. Chicago Faucets undermount faucets are better than ever before and more installer friendly than just about any other commercial faucet on the market. Flexible hoses allow for almost unlimited handle placement, while the pre-assembled parts and individual testing help deliver durable performance and an easier installation.

- **Easy and extremely flexible** installation
- **Handle placement within 6˝ to 26˝** from the spout center

Vandal-Proof Undermount With Restricted Swing Spout

A faucet for high-use, high-abuse installations. The new vandal-proof undermounts from Chicago Faucets are designed for high-use, high-abuse installations. Our new restricted swing spout delivers a choice of 70° and 120° limits on spout rotation to reduce the chance of spills. This product also features vandal-proof aerator and handles to deliver one of the most vandal-proof faucets on the market.

- **Keep the water in the sink** with a choice of 70° and 120° restricted swing
- **Conserve water and reduce risk of vandalism** with vandal-proof 1.5 GPM pressure compensating aerator and vandal-proof handles featuring hex screws

120° Restricted Swing
