

Safety Products

Durable Construction, Reliable Performance

**CHICAGO
FAUCETS**
Geberit Group

A brand you can trust with products built to last.

When accidents happen, it's important to have safety products you can count on. Chicago Faucets safety products reflect our unsurpassed commitment to quality and meet the latest ANSI standards.

- **Extreme Durability**

- Brass, Galvanized steel pipe, or ABS reinforced plastic used for waterways
- Galvanized pipe is coated with a highly durable plastic to prevent corrosion

- **Easy Visibility**

- Our safety fittings feature a high visibility yellow color scheme
- Photo-luminescent signage for easy identification

- **Safe, Reliable Operation**

- Low-pressure aerated outlets designed to comfortably flush face and eyes
- Eyewash outlets feature rounded contours for added safety
- Dust covers move out of the way automatically when activated
- Anti-seize valves prevent obstruction, even after long periods of inactivity
- Drench shower heads resist lime scale or other contaminants

- **Built-in Compliance**

- Tested and certified to meet the ANSI Z358.1 Standard for Emergency Eyewash and Shower Equipment

- **Products When You Need Them**

- Same day shipping available on orders received before 12:00 p.m. CST

Combination Eye Wash Faucet

Dual aerated spray heads with flip top caps

Tethered dust caps protect spray heads between uses and flip off automatically when activated. The 3.3 GPM at 50 PSI flow rate provides soft and wide streams for both eyes.

Durable and reliable construction

Chicago Faucets durable brass construction, reliable ceramic cartridge operation.

Large push-handle for easy activation

Intuitive stay-open push handle design for easy-to-locate operation during any eye emergency.

Separate water supply for eyewash

Independent supply line for eyewash allows connection to an ASSE 1071 thermostatic mixing valve to meet code and provide user safety.

Faucet options

2.2 GPM aerated and 1.0 GPM laminar flow rate faucet.

Retrofit Eye Wash & Faucet

Combination Eye Wash and Faucet

Chicago Faucets incorporates an independently operated eye wash into this stylish gooseneck faucet. Available as a retrofit spout or with a choice of 2-handle or single handle configurations, this faucet adds a new level of style and safety to any sink. Simply push to activate the two soft streams of temperate water for eye washing.

Eye Wash & Faucet Retrofit Spout

- Solid brass, lead-free construction
- Fully functioning 2-handle faucet with separate line for emergency eyewash
- Two high-flow aerated water spray heads operate at low pressure with automatic opening anti-dust covers

Model	Description
8450-ABCP	Retrofit spout

Dual Handle Combination Eye Wash & Faucet

- Solid brass, lead-free construction
- Fully functioning 2-handle faucet with separate line for emergency eyewash
- Two high-flow aerated water spray heads operate at low pressure with automatic opening anti-dust covers

Model	Description
8452-ABCP	4" Wristblade Handles

Single Handle Combination Eye Wash & Faucet

- Solid brass, lead-free construction
- Fully functioning single control faucet with separate line for emergency eyewash
- Two high-flow aerated water spray heads operate at low pressure with automatic opening anti-dust covers

Model	Description
8451-ABCP	Sidemix, 4" Wristblade Handle

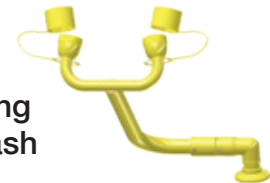

Deck Mounted Eye/Face Wash

- Anti-corrosive polyamide 11 plastic coating in high-visibility yellow color
- Eyewash assembly in ABS plastic
- Two high-flow aerated water spray heads operate at low pressure with automatic opening anti-dust covers

Model	Description
8404-LHNF	Left Hand Operation
8404-RHNF	Right Hand Operation

Deck Mounted Swing Down Eye/Face Wash

- Anti-corrosive polyamide 11 plastic coating in high-visibility yellow color
- Eyewash assembly in ABS plastic
- Two high-flow aerated water spray heads operate at low pressure with automatic opening anti-dust covers

Model	Description
8410-NF	Vertical Operation
8411-NF	Horizontal Operation

Wall Mounted Eye/Face Wash

- Anti-corrosive polyamide 11 plastic coating in high-visibility yellow color
- Eyewash assembly in ABS plastic
- Eyewash bowl in stainless steel or ABS plastic
- Two high-flow aerated water spray heads operate at low pressure
- Automatic opening anti-dust covers

Model	Description
8401-NF	Stainless Steel Bowl
8408-NF	ABS Plastic Bowl

Floor Mounted Eye/Face Wash

- Anti-corrosive polyamide 11 plastic coating in high-visibility yellow color
- Eyewash assembly in ABS plastic
- Eyewash bowl in stainless steel
- Two high-flow aerated water spray heads operate at low pressure
- Automatic opening anti-dust covers

Model	Description
8403-NF	Stainless Steel Bowl

Drench/Combination

Floor Mounted Eye/Face Wash and Drench Shower

- Anti-corrosive polyamide 11 plastic coating in high-visibility yellow color
- Eyewash assembly in ABS plastic
- Eyewash bowl in stainless steel
- High-flow aerated spray heads operate at low pressure, automatic opening anti-dust covers
- Pull handle for activation

Model	Description
8402-NF	Stainless Steel Shower Head
8405-NF	ABS Plastic Shower Head
8416-NF	Wheel Chair Accessible w/ABS Plastic Shower Head

Barrier Free, Eye/Face Wash and Drench Shower

- Anti-corrosive polyamide 11 plastic coating in high-visibility yellow color
- Eyewash assembly in ABS plastic
- Eyewash bowl in stainless steel
- High-flow aerated spray heads operate at low pressure, automatic opening anti-dust covers
- Pull handle for activation
- Shower head in stainless steel

Model	Description
8420-NF	Wheel Chair Accessible

Single Outlet Eye/Face/Body Drench Hose

- Anti-corrosive polyamide 11 plastic coating in high-visibility yellow color
- Eyewash assembly in ABS plastic
- High-flow aerated spray at low pressure with automatic opening anti-dust cover
- Lever handle for actuation
- 59" Flexible hose in stainless steel

Model	Description
8407-NF	Deck Mounted
8409-NF	Wall Mounted

Drench Shower

- Anti-corrosive polyamide 11 plastic coating in high-visibility yellow color
- Horizontal wall mounted
- Pull rod for activation

Model	Description
8400-NF	ABS Plastic Shower Head
8421-NF	Stainless Steel Shower Head

Mixing Valves

Thermostatic Mixing Valve with Cold Water Bypass

- 9.8 GPM flow rate for tempered water*
- 6.5 GPM flow rate for cold water bypass*
- Internal cartridge style checks with screens to prevent backflow and filter debris from valve
- Commercial quality paraffin actuator provides repeatable, reliable performance

Model	Description	Tempered Water Flow Rate	Cold Water Bypass Flow Rate
132-LFABNF	Valve Only	9.8 GPM	6.5 GPM
132-LFSABNF	Valve, Shut-Offs		
132-LFTABNF	Valve, Temperature Gauge		
132-LFSTABNF	Valve, Shut-Offs, Gauge		
132-HFABNF	Valve Only	35.1 GPM	25 GPM
132-HFSABNF	Valve, Shut-Offs		
132-HFTABNF	Valve, Temperature Gauge		
132-HFSTABNF	Valve, Shut-Offs, Gauge		

* GPM (LPM) flow rates @ 30 PSID in accordance to ASSE 1071 as certified by IAPMO

We are a member of the U.S. Green Building Council and support the Leadership in Energy and Environmental Design (LEED) Green Building Rating System™, to measure the efficiency and sustainability of buildings in the U.S. and Canada. If you are trying to achieve LEED Certification for your building, our low-flow outlets, metering cartridges, and sensor-operated faucets can contribute points in these areas: Water Efficiency Credit 2: Innovative Wastewater Technologies and Water Efficiency Credit 3: Water Use Reduction

We are proud to be a partner with WaterSense®, sponsored by the EPA and designed to protect the future of our nation's water supply by promoting efficiency and enhancing the market for water efficient products, programs, and practices.

We are a charter sponsor of the Alliance for Water Efficiency, a non-profit organization that is dedicated to the efficient and sustainable use of water. It brings together a diverse range of stakeholders to advocate water efficiency and conservation.
