

## PRODUCT DESCRIPTION

LOCTITE® MR 5426 is a high-strength and high temperature spray adhesive designed for bonding foam, carpet, fabrics, plastics, rubber, etc. This is due to the high strength and temperature resistance of the product.

## PRODUCT BENEFITS

- Maintains high strength at temperatures up to 170°F(77°C)
- Resistant to extreme weather conditions
- Water resistant
- Dries clear
- VOC compliant

## TYPICAL APPLICATIONS

- Headliners
- Carpets
- Trunk linings
- Door panels
- For use on foam, fabrics, plastics and rubber

## DIRECTIONS FOR USE

1. Make sure all surfaces are clean, dry and free from any contaminants.
2. Shake can before use.
3. Turn nozzle to select spray pattern width; low, medium or high.
4. Hold can 6 to 8 inches from work surface and apply 2 to 3 uniform overlapping coats. Allow a minimum of 5 minutes drying time between coats. Apply additional coats in opposite direction from the first. For stronger bonds, apply adhesive to both surfaces.
5. Allow adhesive to dry for at least 5 minutes, or until tacky, before setting.
6. Press surfaces together with uniform pressure, eliminating air pockets. Bonds should be made within 30 minutes of application.
7. To prepare can for next use, invert and dispense until spray is free of adhesive.

## For Cleanup

1. Clean hands with a dry cloth or hand cleaner.

## PROPERTIES OF UNCURED MATERIAL

	<b>Typical Value</b>
Chemical Type	SIS Copolymer
Appearance	Aerosol spray
Odor	Solvent
Flash Point	Aerosol, contents under pressure, consult MSDS

## TYPICAL ENVIRONMENTAL RESISTANCE

<b>Temperature Resistance (max)</b>	<b>Typical Values</b>
Continuous, °C (°F)	71 (160)

## Chemical / Solvent Resistance

The product retains effective properties in contact with automotive fluids, such as motor oil, transmission fluids, alcohol and antifreeze solutions. Note: Not recommended for parts in contact with gasoline.

## GENERAL INFORMATION

**This product is not recommended for use in pure oxygen and/or oxygen rich systems and should not be selected as a sealant for chlorine or other strong oxidizing materials.**

**For safe handling information on this product, consult the Material Safety Data Sheet, (MSDS).**

## Storage

Store product in unopened container in a cool dry location. Ideal conditions are within the range 8 to 21 degrees C (46 to 70 degrees F) and are recommended for long term storage. Exposure to higher temperatures (greater than 28 degrees C) for prolonged periods should be avoided as extended exposure to warm conditions can adversely affect product properties. For further specific shelf life information, contact your local Technical Service Center.

## Note

The information provided in this Technical Data Sheet (TDS) including the recommendations for use and application of the product are based on our knowledge and experience of the product as at the date of this TDS. The product can have a variety of different applications as well as differing application and working conditions in your environment that are beyond our control. Henkel is, therefore, not liable for the suitability of our product for the production processes and conditions in respect of which you use them, as well as the intended applications and results. We strongly recommend that you carry out your own prior trials to confirm such suitability of our product.

Any liability in respect of the information in the Technical Data Sheet or any other written or oral recommendation(s) regarding the concerned product is excluded, except if otherwise explicitly agreed and except in relation to death or personal injury caused by our negligence and any liability under any applicable mandatory product liability law.

In case products are delivered by Henkel Corporation, Resin Technology Group, Inc., or Henkel Canada, Inc. the following disclaimer is applicable:

The data contained herein are furnished for information only and are believed to be reliable. We cannot assume responsibility for the results obtained by others over whose methods we have no control. It is the user's responsibility to determine suitability for the user's purpose of any production methods mentioned herein and to adopt such precautions as may be advisable for the protection of property and of persons against any hazards that may be involved in the handling and use thereof. In light of the foregoing, **Henkel Corporation specifically**

**disclaims all warranties expressed or implied, including warranties of merchantability or fitness for a particular purpose, arising from sale or use of Henkel Corporation's products.
