TAPE,MEASURING-2500# (POLYARAMID)

Conduit Measuring Tape 1/2 × 3000' (12.7 mm × 914 m)

Cat No: 39245

UPC No: 783310392453

Description

- Pull small cables or install pull rope for large cable pulling jobs
- Made of Polyaramid (equivalent to Kevlar*), will not rotor deteriorate
- Can be left in ducts indefinitely for future use
- Low stretch properties make measurements accurate
- Printed measurements every foot from zero to 3000' (914 m)

Specifications

- Application : For Conduit Measurement
- Length : 3000.000 FT (914.000 M)
- Material : High Strength Polyamide
- Tensile Strength : 2500.000 LB (11.120 KN) Average Breaking Strength
- Weight : 18.000 LB (8.200 KG)
- Width : 1/2 IN (12.700 MM)
