LIMITED WARRANTY ON BRASS PRODUCTS

Gerber Plumbing Fixtures LLC ("Gerber") warrants that the ceramic disc cartridge (the valve control of the faucet) will not leak or drip for as long as it is owned by the original consumer purchaser, or for commercial users, for five (5) year from the date of purchase.

Gerber warrants that the washerless or compression type cartridge (the valve control of the faucet) will not leak or drip for a period of ten (10) years from the date of original purchase, or for commercial users, for one (1) year from the date of purchase. This limited warranty does not apply to normal wear of washers, seats, o-rings, sealants, and lubricants.

Gerber warrants to the original consumer purchaser of electronic products that they will be free from defects in material and workmanship under reasonable use for a period of five (5) years from the date of original purchase, or for commercial users, for one (1) year from the date of purchase.

Gerber warrants to the original consumer purchaser of all other parts not mentioned above that they will be free from defects in material and workmanship under normal, reasonable use in accordance with product instructions for a period of two (2) years from the date of original consumer purchase, or for commercial users, for one (1) year from the date of purchase.

Gerber will repair or replace any product or parts thereof that proves, upon inspection by Gerber, to be defective in material or workmanship during the above stated periods of warranty coverage. If replacement of the original part is not practical, Gerber may elect to replace with an equivalent part or refund the purchase price in exchange for the return of the product. **These are your exclusive remedies.**

Gerber will not be liable for any labor, shipping, freight, or any other costs or charges incurred in connection with removal or replacement of the product or otherwise acting upon the above warranties, or for any costs associated with repair or replacement of any other personal property, building or installation materials. Installation or use of the faucet or valve not in accordance with product instructions, or improper use, abuse or neglect of, or accident to, the faucet or valve, or moving the product from the location of its original installation will void the above warranties.

Use of abrasive cleaners will void the warranty. Avoid abrasive cleaners, steel wool, and harsh chemicals. These will dull the finish and void your warranty.

TO THE EXTENT PERMITTED BY LAW, ANY IMPLIED WARRANTY, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND OF FITNESS FOR A PARTICULAR PURPOSE, IS LIMITED TO THE STATUTORY PERIOD OR THE DURATION OF THIS WARRANTY, WHICHEVER IS SHORTER. Some states/provinces do not allow limitations on how long an implied warranty lasts, so this limitation may not apply to you.

GERBER PLUMBING FIXTURES LLC SHALL NOT BE LIABLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING LABOR CHARGES TO REPAIR, REPLACE, INSTALL OR REMOVE THIS PRODUCT), WHETHER ARISING OUT OF BREACH OF ANY EXPRESS OR IMPLIED WARRANTY, BREACH OF CONTRACT, TORT, OR OTHERWISE. GERBER PLUMBING FIXTURES LLC SHALL NOT BE LIABLE FOR ANY DAMAGE TO THE TOILET RESULTING FROM REASONABLE WEAR AND TEAR, MISUSE, ABUSE, NEGLIGENCE OR IMPROPER OR INCORRECTLY PERFORMED INSTALLATION, MAINTENANCE OR REPAIR, INCLUDING FAILURE TO FOLLOW THE APPLICABLE INSTALLATION, CARE AND CLEANING INSTRUCTIONS. Some states/provinces do not allow the exclusion or limitation of special, incidental or consequential damages, so these limitations and exclusions may not apply to you.

The above warranties give you specific legal rights, and you may also have other rights which vary from state to state.

Product Testimonial

Steve Rudesill from Alpine Plumbing, Milwaukee, Wisconsin, says, "The Maxwell toilets were a perfect choice for this project. Compared to older models, they conserve thousands of gallons of water over the course of a year, and the residents won't ever have to worry about performance. The flushing mechanisms are reliable, the bowl cleans well and it's friendly on your water bill. All this for the end user, and we were able to offer it to Cardinal at a great price point."
