ELECTRICAL KIT, GFCI

GFCI Electrical Kit

Cat No: 52065553

UPC No: 783310015758

Description

- DM-25
 - AC Voltage 200.0, 600V
 - DC Voltage 20.00, 200.0, 600 V.
 - Resistance 200.0, 2000 Ohms, 20.00, 200.0, 2000 kilohms
- GT-11 detection range 50 to 1000 V AC.
- GT-10GFI light sequence indicates correct/incorrect wiring. GFI Test current 7.5 mA at 120V.

Specifications

- Application :
 - DM-25 Measures AC voltage, DC voltage, resistance, checks continuity, tests diodes and 1.5V & 9V Batteries
 - GT-11 Detects AC voltage in outlets, lighting fixtures, circuit breakers and cables, and finds a break in an energized wire
 - GT-10GFI Checks outlet for proper wiring and tests GFCI devices.
- Consists Of :
 - DM-25 Manual Ranging Multimeter
 - GT-11 Non-Contact Voltage Detector
 - GT-10GFI Outlet Circuit Carrying Case
- Standard :
 - DM-25, GT-10GFI & GT-11 are ETL Listed
 - DM-25 & GT-11 are CE Compliant
- Voltage Rating :
 - DM-25 CAT III 600V
 - GT-11 CAT IV 1000V
 - GT-10GFI 125V
