Multi-Room Install Wallplate, two gold-plated spring clips, two QuickPort openings

The Leviton Architectural Edition Home Theater Interface and the Multi-Room Install Wallplates combine the convenience of a ready-made plate with pre-configured wiring terminations with exceptionally high-quality audiophile-grade-inch connectors. Both plates are intended for installation 12-inch off the base of the floor and typically will be placed behind the equipment rack, in a cabinet or behind the entertainment center.

Features and Benefits

- Integrated wallplate for connecting Left and Right Audio Speakers (+/- connections), and 2 extra openings for additional QuickPort connectors (ex: adding a subwoofer)
- Designed for easy installation of cables
- For use with low voltage rings and standard low voltage junction boxes
- Includes painted screws to match wallplates
