Versatile & Compact... The Perfect Alternative to a Tool Belt

Introducing Klein's new Tool Tote™ with Shoulder Strap, designed to be a versatile and compact alternative to a tool belt. This attractive oval-shaped tool bucket can easily handle all of the traditional tool belt duties and more. Constructed of rugged, double-layered, 600 x 300 denier polyester, the Tool Tote™ boasts greater capacity, portability and convenience when moving from jobsite to jobsite with your tools and supplies. Five interior pockets and a large interior compartment allow you to easily carry a wide assortment of hand tools, power tools and supplies; while seven exterior multi-tool pockets accommodate a variety of hand tools and a mobile phone.
