Grip-It® Five Key Ball Hex Set - Metric

The Klein 70572 5-Metric Sizes Grip-It Hex Key Set has a ball design that allows for a thicker neck diameter which increases the torque capacity while maintaining operational angles to 25 percent. The keys are industrial strength, impact-resistant and tested for performance to below freezing temperatures. Key sizes are: 5mm, 6mm, 7mm, 8mm, 10mm, and the blades rotate independently up to 270 degrees.
