

E2X1A-S48

e2XHD 1RU High-Density Universal Angled Panel, accepts shielded, UTP, and fiber cassettes

The e2XHD Patching System is an easy-to-connect, high-density solution that provides simple termination and improved cable routing for shielded, UTP, and fiber applications. Cassettes quickly snap-in and pull out of the high-density angled panel, making installation easier than ever. Panel covers and blank cassette inserts offer extra protection from dust and damage. Copper cassettes are available on pre-terminated trunks or with field-terminated connectors. Fiber cassettes are pre-terminated.

Technical Information

Product Features

Category : Empty

Color : Black

Labeling : Silk-screened port numbers only

Panel Shape : Angled

Ports : 48

RU : 1

Shielding : Universal

Termination : Cassette-Based

Color :  Black

UPC Code : 078477879221

Country Of Origin : Taiwan

Features and Benefits

- Panels allow a mix-and-match of shielded, UTP, and fiber e2XHD cassettes
- Alignment tabs ensure upright insertion of cassettes
- To remove cassettes from the panel, simply pull out the handle using the release latch
- Rear Cable Manager supports copper or fiber cables, and snaps directly to panel without tools
- Cassette Blanks available for unused cassette openings
- Panel Cover minimizes dust or debris
