

SAC12-5

Liquid-Tight Adapter for Pin & Sleeve Plugs and Connectors, 60 Amp, 3, 4, 5-Wire, IP67, Watertight - Aluminum

Leviton's pin and sleeve devices are easy to use. Matching amperage and voltage requirements is literally as easy as matching colors and telling time. The amperage rating is related to the size of the device; devices of the same amperage are the same size. The voltage rating is related to the location of the ground sleeve on the female device and the number of conductors. This location is based on a clock face with the key-way at the 6 o'clock position. The ground sleeve is positioned at a specific hour location, depending on the device's voltage rating.

Technical Information

Product Features

Accessory Type: Liquid-Tight Adapter

Color: Aluminum

IP Rating: IP67/IP69K

Material: Aluminum

Environmental Specifications

IP Rating: IP67/IP69K

Color: **N/A** Aluminum

UPC Code: 07847714750

Country Of Origin: United States
