

49256-H48

QuickPort Angled Patch Panel, 48-Port, 2RU

Angled QuickPort Patch Panels feature a customizable design for fiber and copper applications, accepting all QuickPort Snap-in Modules for optimum rack density on industry-standard racks. The panels feature an angled design to easily route cables into vertical cable managers, eliminating the need for horizontal, front cable management bars. Panels fit all industry-standard 19-inch racks and cabinets.

Features and Benefits

- Cords route directly into vertical managers from angled panel, saving rack space by eliminating horizontal management
- High-density options: 48-port density in 1RU and 72-port in 2RU
- Compatible with QuickPort Cat 5e, Cat 6, and Cat 6A connectors
- Compatible with QuickPort fiber adapters
- Magnifying lens ensures visibility of port labels
