Country Of Origin: Mexico

Brand Features

Leviton Wire Mesh Safety Grips are built tough to provide the strength, reliability and gripping force required for today's demanding wire management applications. They are designed to distribute stress over a large area so they can securely hold, pull or support the wire, rope, tubing or fiber optic cable to which they are applied. Leviton Wire Mesh Safety Grips are flexible holding devices used to pull cable, rope, or tubing into place; to support it after it has been installed, to prevent cable pullout; or to provide strain-relief that reduces the arc of bend at points of wire connections or terminations. Available in a wide selection of style, weave, attachment and wire options designed to meet the highest standards for strength, flexibility, durability and longevity.

Item Description

1 Inch, Strain Relief Grip Cord Sealing Grip, Stainless Steel, Nylon Cord, .875" – 1.000" Cable Dia. Range

Technical Information

Material Specifications

Body Material: Nylon

Color / Feature: Gray

Grip Material: Stainless Steel

Mechanical Specifications

Cord Range: .875 - 1.000

Fitting Gender: Male

Fitting Style: Straight

Fitting Type: Nylon Cord Sealing

NPT Size: 1

Weave: Double

Standards and Certifications

Standards and Certifications: CSA

Warranty: 2-Year Limited

Product Features

Device Type: Strain Relief Grip
