

QuickPort® Identification Window Screw Covers

APPLICATION

Easy-to-use QuickPort Identification Window Screw Covers are compatible with all Leviton stainless-steel and angled wallplates and housings with ID windows. QuickPort Identification Window Screw Covers come with 10 pieces per bag.

FEATURES

- Color-matched to Leviton wallplates to hide wallplate screws when identification is not necessary
- Can be used to hold space (along with Blank QuickPort Inserts, 41084-0Bx) for future growth expansion
- 42080-SCx is compatible with all QuickPlate® Tempo and plastic QuickPort Wallplates
- 42081-IDx is compatible with all Leviton stainless-steel and angled wallplates and housings with ID windows

DESIGN CONSIDERATIONS

- Compatible with any QuickPort wallplates and housings with ID windows
- Alignment and snap-in feature for easy installation

STANDARDS COMPLIANCE

- ANSI/TIA-606-B
