

UPC Code: 07847797412

Country Of Origin: Mexico

L8550

Brand Features

Leviton Wire Mesh Safety Grips are built tough to provide the strength, reliability and gripping force required for today's demanding wire management applications. They are designed to distribute stress over a large area so they can securely hold, pull or support the wire, rope, tubing or fiber optic cable to which they are applied. Leviton Wire Mesh Safety Grips are flexible holding devices used to pull cable, rope, or tubing into place; to support it after it has been installed, to prevent cable pullout; or to provide strain-relief that reduces the arc of bend at points of wire connections or terminations. Available in a wide selection of style, weave, attachment and wire options designed to meet the highest standards for strength, flexibility, durability and longevity.

Item Description

Single/Double Weave Bale Eye Grip, Medium Duty- Kit, Includes L8541, L8542, L8543, L8544, L8545, L8546

Technical Information

Material Specifications

Grip Material: Galvanized Steel

Mechanical Specifications

Approx. Break Strength: 4,500

Bale Length: 8

Cable Range: .500 - .610

Duty: Medium

Eye Type: Bale Eye

Mesh Length: 21

Mesh Style: Closed

Weave: Single/Double

Workload Safety Factor (lbs): 900

Standards and Certifications

Standards and Certifications: CSA

Warranty: 2-Year Limited

Product Features

Device Type: Pulling Grip
