

23L25-B

Color: Blue

UPC Code: 07847702772

Brand Features

Leviton's Cam-Type positive latching connectors and receptacles are the standard used by Navy bases and shipyards in supplying 3-phase power to ships at dockside. Our latching connector series has been tested to meet Navy specs, including intermateability with competition. They provide heavy duty, completely insulated connectors that are vibration resistant. These connectors will not vibrate or loosen, ensuring high conductivity and maximum efficiency. Contacts can be retrofitted to existing locations and power distribution systems. Male contacts provide 40% more surface contact with the female vs. competitive products, ensuring greater conductivity while preventing burnout.

Item Description

Taper Nose In-Line Latching Female Connector, 23 Series Single Pole Cam-Type Contact & Insulator, Crimped, 350-500MCM, 690 Amp Max - BLUE

Technical Information

Electrical Specifications

Max. Amperage: 690 Amp

Max. Voltage: 600 Volt

Material Specifications

Sleeve Material: Santroprene TPV

Contact Material: Brass

Strain Relief: Copper Wire

Mechanical Specifications

Gender: Female

Connection Type: Crimped

Cable Range: 350-500MCM

Product Features

Color: Blue
