

Recessed Horizontal Patch Cord Manager Cable Management Accessories

APPLICATION

Low-profile, recessed three-ring manager for patch cord distribution. For installation in standard 19" equipment racks and cabinet enclosures.

FEATURES

- Distribution rings are radius-edged (smooth polished) to protect cable from nicks or wear
- Oversized distribution rings to accommodate patch cords
- Three-ring design reduces cord stress and improves containment near patch panels
- Use as an alternate mode of horizontal management between patch panels
- Position near recessed patch panels for cable management

STANDARDS COMPLIANCE

Meets or exceeds all applicable standards: UL Listed: CSA Certified; complies with TIA/EIA-568-B.

PHYSICAL SPECIFICATIONS

Dimension: 1.72"H x 19.0"W x 4.80"D

Material: 16 gage steel, black powder coat

Mounting: (4) #12-24, pilot-point, combination head screws (included)

WARRANTY INFORMATION

For a copy of Leviton product warranties, visit www.leviton.com.

TYPICAL SPECIFICATION

The three-ring cable manager shall provide the capability to organize and contain patch cords in a cabinet. The front of the panel shall provide three (3) high capacity horizontal distribution rings (plus openings in each mounting bracket) to reduce stress on stored cables and to retain optimal cable geometry. All distribution rings shall have edges with a radius to protect cables from nicks and tears. The cable manager shall be 1 EIA rack unit high, and shall fit a standard 19" rack. The material shall be .060" (16 gage) steel with black powder coat finish.
