## KORPLEX™ Technology

KORPLEX™ Technology is an engineered yarn that blends some of the strongest fibers to produce ultimate cut resistance. Its properties offer tactility and flexibility while maintaining exceptional cut resistance and extreme comfort.

**PROTECTION FROM THE INSIDE, OUT**  
These gloves are treated with Sanitized™ hygiene function to inhibit bacteria, therefore minimizing odor development and promoting freshness. Active biocidal substance – Zinc pyrithione

## Extreme Grip & Durability

In smooth metal oil grip tests, our superior micro foam palm coated gloves out performed the others by 67%

When safety is on the line, you need gloves that perform in changing environments. In wet and oily conditions, a glove's **grip, durability, and breathability** defines its total performance and value.

### Grip Comparison

| Smooth Surfaces | Dry Grip |      |       | Wet Grip |      |       | Oil Grip |      |       |
|-----------------|----------|------|-------|----------|------|-------|----------|------|-------|
|                 | Metal    | Wood | Glass | Metal    | Wood | Glass | Metal    | Wood | Glass |
| Majestic        | 10       | 10   | 10    | 8        | 10   | 8     | 5        | 10   | 4     |
| Competitor      | 10       | 10   | 10    | 4        | 10   | 2     | 3        | 10   | 2     |

Majestic's gloves with a superior micro foam palm coating perform with better wet/oil grip on metal and glass, greater abrasion resistance, and exceptional breathability than competing gloves. This durability causes these gloves to last longer, maximizing the value, safety and quality you've come to expect from Majestic.

Testing verified and performed through third-party external testing and competitor publication.

All safety equipment should be selected in conjunction with an approved safety program that assesses your specific hazards. The selection and use of specific products sold by Majestic is exclusively within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Majestic affect the results obtained in applying these products. Inappropriate selection and/or use of safety products may cause serious injury.

Reliability in Safety.
