MODEL NO. **0868-Z**  
**BATH & SHOWER FITTING**

The three valve bath and shower fitting is made with a cast brass body with replaceable seats designed for direct sweat connections. The stem units are all brass with a reinforced rubber packing and rubber seat washers. The stem units can be easily replaced from the front of the fitting without removing the valve body. The handles, spout and escutcheons are zinc die cast with a chrome plated finish. The shower arm is brass with chrome plated finish, the escutcheon is stainless steel and the shower head is chrome plated plastic. The spout is cast brass with a chrome plated finish

ASME A112.18.1M

Shower Flow Rate 2.5 gpm @ 80 psi
