🗆 ELS-63650	Three Station SloanStone Lavatory with EBF-650 Faucets	
🗆 ELS-63210	Three Station Sloanstone Lavatory with SF-2100 Faucets	
🗆 ELS-63215	Three Station Sloanstone Lavatory with SF-2150 Faucets	
🗆 ELS-63220	Three Station Sloanstone Lavatory with SF-2200 Faucets	
🗆 ELS-63225	Three Station Sloanstone Lavatory with SF-2250 Faucets	
🗆 ELS-63230	Three Station Sloanstone Lavatory with SF-2300 Faucets	
🗆 ELS-63235	Three Station Sloanstone Lavatory with SF-2350 Faucets	

Specifications

Triple Station Lavatory System with Sloan Sensor Activated, Chrome Plated Hand Washing Faucets with the following features:

- 11/4" chrome plated brass drains with grid strainers
- Below deck Mechanical Mixing Valve, standard
- All ADA and TAS lavatory standards achieved in a single design
- Aesthetically pleasing soft contoured one-piece continuous Basin

Sloan Optima® Electronics feature:

· For more information, please refer to the Faucet Specification Sheet

Variations

□ MSD Soap Dispenser - ESD-350 (battery model), ESD-300 (AC plug-in transformer model)

BSD	Soap Dispenser - SJS-1650 (SJS-7 AC adaptor provided with plug-in
	transformer model)

(Note: an additional electrical outlet is required when installing two (2) hardwire soap dispensers in conjunction with hardwire Faucets — see rough-in) Other options available, contact your Sloan Representative for special requests.

Warranty — 3 year (limited)

Sensor Activated Triple Station Lavatory System

The New SloanStone™ Lavatory System — The Perfect Match

The performance and dependability of Sloan Optima[®] faucets are combined with the durability and versatility of solid surface in the new SloanStone[™] Lavatory System.Hygienic and durable, SloanStone[™] is stain, chemical, scratch and impact resistant. SloanStone[™] sinks can be provided with any one of Sloan's many battery or hardwire Optima[®] sensor activated faucets and soap dispensers, providing the ultimate in water conservation and hygiene. These features, combined with the unique styling and myriad color options of our solid surface, make SloanStone[™] the perfect choice for virtually any restroom installation

Colors

OPERATION

FACE OF WALL

As the user's hands enter the beam's effective range, the beam is reflected back into the sensor receiver and activates the solenoid valve allowing water to flow from the faucet. Water will flow until user's hands are removed or until the faucet reaches its automatic time out limit setting.

† An additional electrical outlet is required when installing three (3) ETF Faucets.

Consult local electrical codes for the mounting location of the 110/24 VAC Class 2 transformer.

For additional technical information, contact the Sloan Installation Engineering Department at 1-888-SLOAN-14 (1-888-756-2614) or techsupport@sloanvalve.com.
