\*24" X 24" and 24" X 36" shipped individually. \*\*4" Cast Iron Hub on L.A. Code Systems.

#### PACKAGING

18" X 30" Simplex Systems are shipped four units to a skid. 24" X 36" are shipped individually. All units are properly secured with a 2" PVC discharge pipe in the basins to avoid shifting or upsetting the pump and switch mechanism. Float switch is secured with tape that is easily removed through the inlet hub opening. Premium basins have torque stops for prevention of shipping damage to the pump. All other systems are packaged with environment safe peanuts that are water soluble. - No need to remove.

**OPTIONS: Zoeller recommends a High Water Alarm for added protection. Systems shown above in bold include Alarm. For other alarm options, see FM0732**
