AMERICA'S SOURCE FOR PREMIER AND INNOVATIVE FASTENERS & ANCHORS

**ONLY
METALLICS!**

A Modern Up to Date
Roll Threading Machine
at our Affiliate, Avanti Screw.

Metallics and Avanti Screw, Inc., prime American manufacturers of fastener products, have always worked to present the latest in fastener technology to our distributors and their contractors/users.

Hex Washer Head fasteners have historically only offered three drives- the hex, phillips and the slot. In 1999, we introduced "The QuaDrive" square, hex, slotted and Phillips, in fourteen of the most popular sizes of sheet metal screws.

**America's Newest Drive - Designed, Developed and
Manufactured by Metallics/Avanti Screw**

These sheet metal screws are being manufactured to fill the need of the growing demand in the North American markets.

Please note: We recommend driving these sheet metal screws with a hex driving tool. The slotted, Phillips, hex and square drives make it convenient for disassembly.
