

CERTIFICATE OF LOYALTY

To: *Our Valued Customers*

Date: *1/1/21*

In the early 1960's, Metallics/Avanti began it's concerted efforts to manufacture, stock and sell to the electrical, plumbing and HVAC distributors of America. We strive for excellence in manufacturing and supplying the best quality, competitive and innovative products in a growing line of fastener, anchors and related items for our valued customers.

We realize that the efforts of our distributor clients have become more competitive due to the large box stores, various depots and part marts. These places supply products throughout America by relying on organizations who accept orders and ship them via any means available.

With this 2021 Catalogue our efforts remain loyal to *YOUR NEEDS* from sales to delivery.

PRESIDENT
OF METALLICS INC.

Metallics

An *AMERICAN* Source For Premier
and Innovative Fasteners and Anchors

TO OUR DISTRIBUTOR

The Metallics Difference

Here at Metallics, we realize our distributors' needs for innovative products at competitive prices. We also believe that the reason to take on the Metallics line is to maximize profits. We understand that you, the distributor, are in this business to make a profit. Metallics works closely with distributors in order to grow their bottom-line profitability and increase revenues.

Our company constantly employs more efficient and streamlined methods of doing business. These techniques allow us to operate at peak efficiency in order to pass on our savings to you. In fact, our distributors named the Metallics line the highest Gross Margin Return on Investment over all other lines. In addition to a higher profit margin, we offer:

- Manufacturing Distribution – Bristol, Connecticut USA
- Live Customer Support
- Exclusive “Hardbody” Packaging
- Same Day Shipping
- Highest Fill Rate
- Distributor Price Catalogue
- Highest Ratio of American-made to Foreign-made Product

With Metallics, you can be sure that a strong relationship will be built not only with us, but between you and the customers you serve. Our knowledgeable sales and support staff is always available to answer your questions.

We Lead, They Follow

In the highly competitive world of fasteners and related supplies, companies need to differentiate themselves. Metallics is not just a supplier of fasteners and related supplies. We are also one of the few suppliers that design and manufacture fastener's to your specifications. In coordination with our affiliate, Avanti Screw, we are able to design and produce new and innovative fasteners in our Bristol, Connecticut, plant. We believe we are the gold standard in fasteners!

At Metallics, we are always looking toward the future to provide innovative and profitable solutions for our distributors. Since we sell solely to distributors, you can be confident you will not see the products in this catalogue sold at any of America's "Depot-Marts" or sold directly to your customers. With new products such as American made Tri-Drive, and QuaDrive Screws, and Hardbody Packaging, you can offer your customers the most unique and profitable products available. This all leads to maximum profitability for you.

YOU DESERVE THE PERSONAL TOUCH

Always speak to live people!

In a world ruled by voice mail, answering machines, emails and computerized operators, it can sometimes be difficult to reach a live representative. When you call Metallica, you can be assured you will always be able to speak to a person, not a machine. When time matters, voice mail and answering services will only slow you down. We are proud to have an extremely knowledgeable and readily available team to aid you with answers to your fastener questions. All this because YOU deserve the personal touch.

With this new catalogue, Metallica has made it easier for you to find products. We understand the importance of removing the hassle from catalogue searching; this is the reason for our new user-friendly format. Color-coded reference tabs make it a snap to stay organized and to quickly find the section you need. The time saved searching will mean more efficiency in securing new projects. After all, time is money.

None of our competitors selling to Distribution can claim they manufacture a portion of screws. We can and do, right in Bristol, CT.

There is no doubt: We know the American fastener market and have been serving it since the 1960's. Avanti Screw, Inc., our fastener manufacturing facility in Bristol, CT, guarantees that we are the only American fastener company that makes a portion of its product sold through distribution. We are able to fill the need for unique USA made fasteners.

Terms

Minimum order \$0.00

Prepaid shipments:

\$650.00 Continental U.S.

\$1,400.00 Alaska and Hawaii

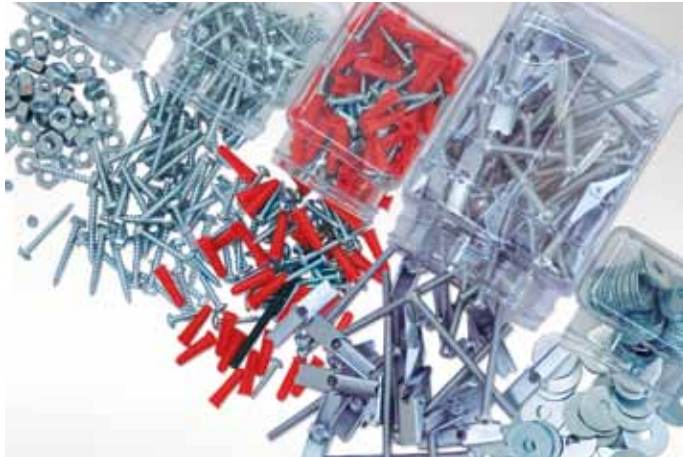

Same Day Shipments > 98% Fill Rate > 98%

We get product to you, easier and faster!

This symbol denotes a product made by a quality American producer.

All salespeople act as if they are selling the same commodity as Metallica. We sell something better: value, service, trust, consistency, and profit building for you and your customer.

We believe Metallica has the largest ratio of American-made to foreign-produced product of any other American fastener company.

It appears that our competitors in the past, and today, have failed to copy our lead in denoting a place of origin in their catalogues. We need to ask, "Why?"

To our distributors: we ask you to understand our position.

Since 1968, Metallica has not included yearly stock balancing of distributor's inventory as part of our catalogue fastener program. We have chosen instead to provide, we believe, the lowest prices, superior packaging, same-day shipment, lower prepaids, best fastener fill rate, and logistical support in the way of promotions, advertising and sales representative training. At this time we do not anticipate offering stock balancing.

New Customer Buyout of Competitor Inventory: Over the years, many fastener suppliers have gone in and purchased competitor inventories from the electrical distributor, then replaced that inventory with their own products. Metallica has never had this as a catalogue option, and we do not anticipate such a program.

An Honest Mistake or Customer Cancellation: We do offer to take back any single item resulting from a distributor's order entry error. We will also consider taking back an item cancelled by a customer of our electrical distributors. Call to inquire about our Return Merchandise Agreement System.

The QuaDrive

America's Newest Drive - Designed, Developed and Manufactured by Metallica/Avanti Screw

Our goal at Metallica is to present information accurately. Metallica is not responsible for claims traceable to typographical or other errors that may be contained herein. Metallica makes no warranties as to the accuracy of the information contained in this catalogue.

QUALITY GUARANTEED

Metallica Stands Tall Behind Authorized Distributors And Their Professional Users:

Any product purchased from this catalogue may be returned within 30 days of purchase if our distributor, their contractor or customer is not fully satisfied with the quality.

Distributor—please include Metallica invoice with item, if deemed faulty or of poor quality. We will replace the individual item or issue full credit.

Our goal is to please you. Call to Inquire about our Return Merchandise Agreement Policy.
