

Steel Covers

4" Square to Round Industrial Covers

Features

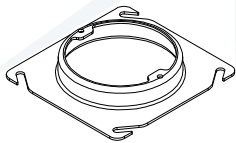

- 4" square to round 5/8"-2" raised device rings are used to mount light fixtures in walls and ceilings
- They convert a square box to a round ceiling or wall opening with 8-32 threaded mounting tabs 2.75" c.c.

Applications

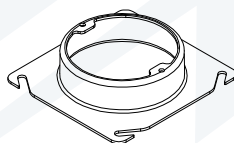

- Use to mount ceiling lights or wall sconce lights
- The angled slots on the covers compensate for up to 12° of box misalignment on upright framing members

Standard Material

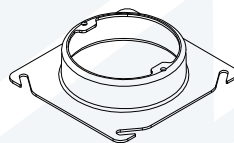

- Galvanized steel
