

Engineering & Dimensions

IDLERS

Precision Pulley and Idler (PPI) was founded in 1977 with the goals of providing high-performance conveyor components and competitive pricing combined with unparalleled customer service.

These goals have not changed over the years, but in fact, have been enhanced. Every PPI employee is involved in the process of putting you, the customer, first. We listen to understand your needs and know that by responding quickly, we help improve your business profitability and potential. New product ideas and product changes are direct results of customer input.

The PPI staff of Production, Engineering, Quality Assurance, Customer Service, and Regional Sales People are dedicated to meeting your requirements for quality conveyor components.

We appreciate your business and support. You have our commitment that our goals for product performance, competitiveness, and service will continue as we respond to your requests for the finest conveyor components in the marketplace.

Idler Types & Applications

Equal Troughing Idlers support the belt and load in the transport section of the conveyor. Designed to meet or exceed the load limits established by the Conveyor Equipment Manufacturers Association (CEMA).

Impact Troughing Idlers are a special version of troughing idlers, providing a roll with cushioning rubber discs to lessen the belt damage due to impact from materials being loaded onto the belt. The frame is additionally reinforced to increase rigidity.

Self-Aligning Idlers, troughing, flat and return, assist in keeping the conveyor belt centered on the conveyor when temporary or transient conditions could result in belt misalignment.

Unequal Troughing (Picking) Idlers are used to reduce the height to aid in magnetic separation, picking, sorting, or manual separation. The inclined roll ends turn up the belt to minimize spillage. Rubber disc rolls are also available. The load ratings are greatly reduced from standard troughing idlers because most of the weight is on the long center roll.

Channel Inset Troughing Idlers are attached to a channel conveyor or other vertical surface by side mounting. They are used in tight clearance areas requiring a low profile. Rubber disc rolls are also available. Designed to interchange with other major brands.

Flat Carrier Idler applications include picking, sorting, feeders, and package handling. Rubber disc rolls are also available. Load ratings are the same as return rolls and are greatly reduced from that of troughing idlers because of the long shaft length and having only two bearings.

Live Shaft Idlers with pillow block bearings provide an increased loading capacity. Available in solid and spaced rubber discs rolls and steel rolls.

Return Idlers support the belt during the return path and meet or exceed the CEMA load requirements.

Return and flat idlers (R, RRD, F, FRD, CIR, CIRRD, CIF, AND CIFRD types) in B, C, D, and E series should not be used in a snub pulley type application. Shafting, bearings, and brackets may be overloaded in such applications leading to premature failure.

Steel Tube Used where materials are not sticky, corrosive, or abrasive.

Rubber Disc Used where sticky, corrosive, or abrasive materials are present. Massed end discs are standard.

Covered Rolls Used where very sticky or abrasive materials are present.

The following is a simplified conveyor used to illustrate basic belt conveyor components. Many variations of elevation, loading, discharge, idlers and idler spacing, pulleys, and accessories are possible.

B Series Idler Features

The B Series idler sets a standard for the industry

- Designed and manufactured for a long trouble free life with no greasing
- Maintenance free high quality sealed ball bearings
- Conform to CEMA standards for dimensions and meet or exceed B series load ratings

C Series Idler Features

The C Series idlers are designed and built for the toughest jobs

- Designed and manufactured for a long trouble free life with no greasing
- Maintenance free high quality sealed ball bearings
- Conform to CEMA standards for dimensions and meet or exceed C series load ratings

- | | | | |
|---|--|----|---|
| 1 | Wide heavy duty formed end brackets | 7 | Extremely low T.I.R. or runout |
| 2 | Heavy Duty foot pads for a solid base | 8 | Large diameter stationary outer seal |
| 3 | Wide center brackets for heavy loads | 9 | Highly effective flinger seal |
| 4 | Designed with minimal roll gaps | 10 | Effective radial and labyrinth seals |
| 5 | Roll weld protected from belt wear by the full thickness of the tubing | 11 | Long lasting nitrile contact seal protected from the environment |
| 6 | Full thickness tubing for the length of the roll with a 1/4" wall option | 12 | High Quality Ball Bearing with manufacturer's contact seal & grease |

D Series Idler Features

D series idlers designed and built to handle the big loads

- Designed and manufactured for a long trouble free life with no greasing
- Maintenance free high quality sealed ball bearings.
- Conform to CEMA standards for dimensions and meet or exceed D series load ratings

CEMA D LOAD RATINGS

BELT WIDTH	TROUGHING ANGLE			RETURN & FLAT	UNEQUAL (Picking)	LIVE SHAFT
	20°	35°	45°			
18	1,200	1,200	1,200	600		
24	1,200	1,200	1,200	600	600	1,400

72	1,050	977	945	155	280	850
Two roll V>Returns (All)				850		

- | | | | |
|---|--|----|--|
| 1 | Wide heavy duty formed end brackets | 7 | Extremely low T.I.R. or runout |
| 2 | Heavy Duty foot pads for a solid base | 8 | Large diameter stationary outer seal |
| 3 | Wide center brackets for heavy loads | 9 | Highly effective flinger seal |
| 4 | Designed with minimal roll gaps | 10 | Effective radial and labyrinth seals |
| 5 | Roll weld protected from belt wear by the full thickness of the tubing | 11 | Long lasting nitrile contact seal protected from the environment |
| 6 | Full thickness tubing for the length of the roll with a 1/4" wall option | 12 | Solid shaft and heavy duty, high quality ball bearings with manufacturer's contact seals |

CEMA D LSI & Inverted V-Return Rubber Disc

Live Shaft Idlers are available in several different configurations, such as with different bearing journal diameters or as a steel can.

Please contact PPI with your requirements.

E Series Idler Features

E-Series idler designed and built to handle huge loads.

- Designed and manufactured for a long trouble free life with no greasing
- Maintenance free high quality sealed ball bearings
- Super duty frames built to last the life of the conveyor
- Conform to CEMA standards for dimensions and meet or exceed E series load ratings

- | | | | |
|---|--|----|--|
| 1 | Extra heavy-duty formed end brackets | 7 | Large diameter stationary seal |
| 2 | Extra heavy-duty formed center brackets | 8 | Highly effective flinger seal |
| 3 | Designed with minimal roll gaps | 9 | Nitrile contact seal protected from the environment |
| 4 | Extremely low T.I.R. or runout | 10 | Solid steel shaft reduces deflection and increases load capacity |
| 5 | Full thickness tubing for the length of the roll | 11 | Bearing manufacturers contact seal & grease |
| 6 | Weld protected from wear by the full thickness of the tubing | 12 | Large diameter, high quality ball bearings to handle the big loads with no regular maintenance |

Specialty Products

Retro Rolls® that fit different brands of CEMA B, C, D & E as well as ISO idlers.

Roll Coverings are available in Poly, SBR, Neoprene to extend the life of a PPI roll.

Beater Bar Return
PPI problems solver reduce buildup

Return Rubber Grooved
Rugged 1-piece construction for abusive situations

BeltSaver™ II
Protect your belt from rubbing, uses standard rolls

Smart Roll™
Belt speed indicator
with sensor protection,
overload protection,
multifunction,
maintenance-free

Scale Quality Rolls
PPI's unique manufacturing
process produces scale
quality rolls without
reducing roll thickness.

Return Roll Guard
Available in 1½ & 4½ drop, as well as heavy duty

Impact System

Rugged multi-action shock absorption system that reduces impact damage to your belt.

Slider Beds Rugged Retro-Fit sliders that fit standard PPI frames.

Transition Equal Troughers - TET

Adjustable troughing angle for belt transitions

Wire Rope Idlers

attach to steel cable or rigid channel frames.

Terms & Conditions

APPLICABILITY:	These terms and conditions of sale (these “ Terms ”) are the only terms which govern the sale of the goods (“ Goods ”) by Precision, Inc. (“ Seller ”) to the purchaser of the Goods (“ Buyer ”). The accompanying Buyer’s purchase order (the “ PO ”) and these Terms (collectively, this “ Agreement ”) comprise the entire agreement between the parties, and supersede all prior or contemporaneous understandings, agreements, negotiations, representations and warranties, and communications, both written and oral. These Terms prevail over any of Seller’s general terms and conditions of purchase. POs SHALL BE PROMPTLY FORWARDED TO SELLER ELECTRONICALLY AND ARE SUBJECT TO SELLER’S ACCEPTANCE AT ITS OFFICE IN PELLA, IOWA BEFORE BECOMING BINDING ON SELLER.
DELIVERY:	Subject to the availability of finished Goods and unless otherwise specified by Buyer and agreed to by Seller, the Goods will be delivered within a reasonable time after receipt of the PO. Delivery shall be FOB shipping point (the “ Shipping Point ”). Title and risk of loss pass to Buyer upon delivery of the Goods to the Shipping Point. All shipments are insured at Buyer’s expense and made at Buyer’s risk and cost.
SHIPPING TERMS AND PACKAGING:	The method and route of shipment, including packaging are at Seller’s discretion unless otherwise specified by Buyer and agreed to by Seller.
INSPECTION AND REJECTION OF NONCONFORMING GOODS:	Buyer shall inspect the Goods within thirty (30) days of receipt (“ Inspection Period ”). Buyer will be deemed to have accepted the Goods unless it notifies Seller in writing of any Nonconforming Goods during the Inspection Period. “ Nonconforming Goods ” means Goods that are different from those identified in the PO. Seller shall, at its option: (i) replace Nonconforming Goods with conforming Goods, or (ii) credit or refund the Price for such Nonconforming Goods. If Seller elects to replace the Nonconforming Goods, Seller shall, after receiving Buyer’s shipment of Nonconforming Goods, ship to Buyer, at Buyer’s expense and risk of loss, the conforming Goods. Any terms and conditions in the PO which deletes from, alters, or adds to these Terms will not be binding upon Seller unless such terms and conditions are expressly agreed to in writing by Seller.
PRICE:	Buyer shall purchase the Goods from Seller at the prices (the “ Price ”) agreed upon between Buyer and Seller. All prices are subject to change without notice. All Prices are exclusive of any local, state, or federal taxes.
PAYMENT TERMS:	Unless otherwise agreed by Buyer and Seller, payment shall be net thirty (30) days from the date of Seller’s invoice. As collateral security for the payment of the Price, Buyer hereby grants to Seller a lien on and security interest in and to all of the right, title and interest of Buyer in the Goods, wherever located, and whether now existing or hereafter acquired, and in all accessions thereto and replacements or modifications thereof, as well as all proceeds therefrom. The security interest granted under this provision constitutes a purchase money security interest under the Iowa Uniform Commercial Code. In the event an order is received based on the PO and is later cancelled, placed on hold or delayed due to a lack of Buyer-supplied information, Seller reserves the right to add storage charges and/or invoices for total payment for Goods in process or completed. In the event of cancellation of an order, Buyer will be liable for the reasonable costs and expenses incurred by Seller prior to notice of cancellation of the order. Cancellation requests from the Buyer require the written consent of Seller.
NON-DELIVERY:	The Seller shall not be liable for any non-delivery of Goods (even if caused by Seller’s negligence) unless Buyer gives written notice to Seller of the non-delivery within five (5) days of the date when the Goods would have been received in the ordinary course of business. Any liability of Seller for non-delivery of the Goods shall be limited to replacing the Goods within a reasonable time or adjusting the invoice respecting such Goods to reflect the actual quantity delivered.
LIMITED WARRANTY:	Seller warrants to Buyer that: 1) for a period of twelve (12) months from the date of delivery of the Goods other than “specialty pulleys”, Engineered Class pulleys, or ProDuty® pulleys; 2) the lesser of twelve (12) months or two thousand (2,000) hours of use for “specialty pulleys”; 3) two (2) years for Engineered Class pulleys or 4) ten (10) years for ProDuty® pulleys (“ Warranty Period ”), that such Goods will be free from material defects in material and workmanship, when used under normal load and operating conditions and installed and maintained properly. Warranties shall not apply to any Goods which have been subject to misuse, misapplication, accident, neglect, modification, repair, improper maintenance, improper storage or improper installation. Misuse includes, but is not limited to, deterioration by chemical action, wear by presence of abrasive material, improper lubrication. System design is the sole responsibility of Buyer and excessive or undefined loads shall not be warranted. EXCEPT FOR THE WARRANTY SET FORTH IN THIS SECTION 8, SELLER MAKES NO WARRANTY WHATSOEVER WITH RESPECT TO THE GOODS, INCLUDING ANY (a) WARRANTY OF MERCHANTABILITY; (b) WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE (EXCEPT AS MAY BE AGREED TO BETWEEN BUYER AND SELLER); (c) WARRANTY OF TITLE; OR (d) WARRANTY AGAINST INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS OF A THIRD PARTY; WHETHER EXPRESS OR IMPLIED BY LAW, COURSE OF DEALING, COURSE OF PERFORMANCE, USAGE OF TRADE OR OTHERWISE. Products manufactured by a third party (“Third Party Product”) may be incorporated in, attached to or packaged together with, the Goods. SELLER MAKES NO REPRESENTATIONS OR WARRANTIES WITH RESPECT TO ANY THIRD PARTY PRODUCT (EXCEPT AS MAY BE SPECIFIED BY SELLER). With respect to any such Goods during the Warranty Period, Seller shall, at its option, either: (i) repair or replace such Goods (or the defective part) or (ii) credit or refund the Price of such Goods. If Seller so requests, Buyer shall, at Buyer’s expense (including but not limited to removal of the Goods and in-coming and out-going freight), return such Goods to Seller. THE REMEDIES SET FORTH IN THIS SECTION 8 SHALL BE THE BUYER’S SOLE AND EXCLUSIVE REMEDY AND SELLER’S ENTIRE LIABILITY FOR ANY BREACH OF THE LIMITED WARRANTY SET FORTH IN THIS SECTION 8. Any action for a breach of warranty must be commenced within one (1) month following expiration of the applicable Warranty Period. Seller hereby disclaims any liability for injuries which may result from the use of the Goods contrary to its instructions.

Terms & Conditions

RETURNS:	The Goods may not be returned without prior written authorization by the Seller. Goods returned without prior written authorization will not be accepted. Expenses which result from the return of Goods must be borne by the Buyer. Returned Goods are subject to restocking charges plus outgoing and incoming freight charges. No cash refunds. Credit will be applied to future orders.
COMPLIANCE WITH LAW:	Buyer shall comply with all applicable laws, regulations and ordinances in carrying out its obligations under this Agreement. Buyer shall maintain in effect all the licenses, permissions, authorizations, consents and permits that it needs to carry out its obligations under this Agreement.
SAFETY:	Seller disclaims any liability and Buyer agrees to fully indemnify Seller and its employees for all loss and expense, including attorney's fees, relating to any claim or liability or injury resulting from misuse, alteration, or the use of the Goods contrary to written instructions, including but not limited to those included in Seller's catalog. Seller recommends supplementing federal, state and owner safety programs with ANSI B20.1-2012, "Safety Standards for Conveyors and Related Equipment," and ANSI spec z244.1-2003(2008), "Control of Hazardous Energy – Lockout/Tagout and Alternative Methods" NEVER OPERATE, ADJUST OR INSTALL EQUIPMENT ON A MOVING CONVEYOR.
CHANGES AND CANCELLATIONS:	A request to cancel or change a PO must be made in writing at least thirty (30) days before the requested shipment date of the Goods and is subject to Seller's approval. Buyer acknowledges that a change, if accepted by Seller, may affect the price and the delivery of the Goods. In the event of a cancellation or termination, Customer shall, as a condition of such cancellation or termination, be obligated to pay Seller's reasonable costs and expenses incurred or committed to prior to the date of such cancellation or termination plus a reasonable allowance for Seller's lost profits with respect to the Goods. Buyer agrees to pay such costs and expenses promptly following receipt of Seller's invoice therefore, which shall be submitted to Buyer as soon as practicable after such termination or cancellation.
MISCELLANEOUS:	Seller shall not be liable or responsible to Buyer, or be deemed to have defaulted or breached this Agreement, for any failure or delay in performing any term of this Agreement when and to the extent such failure or delay is caused by or results from circumstances beyond the reasonable control of Seller including, without limitation, acts of God, flood, fire or earthquake. Buyer shall not assign any of its rights or delegate any of its obligations under this Agreement without the prior written consent of Seller. The relationship between the parties is that of independent contractors. Nothing contained in this Agreement shall be construed as creating any agency, partnership, joint venture or other form of joint enterprise, employment or fiduciary relationship between the parties and neither party shall have authority to contract for or bind the other party in any manner whatsoever. This Agreement is for the sole benefit of the parties hereto and their respective successors and permitted assigns and nothing herein, express or implied, is intended to or shall confer upon any other person or entity any legal or equitable right, benefit or remedy of any nature whatsoever under or by reason of these Terms. All matters arising out of or relating to this Agreement are to be governed by and construed in accordance with the internal laws of the State of Iowa without giving effect to any choice or conflict of law provision or rule (whether of the State of Iowa or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than those of the State of Iowa. Any legal suit, action or proceeding arising out of or relating to this Agreement shall be instituted in the federal courts of the United States of America or the courts of the State of Iowa in each case located in the City of Des Moines and County of Polk, and each party irrevocably submits to the exclusive jurisdiction of such courts in any such suit, action or proceeding. All notices, requests, consents, claims, demands, waivers and other communications hereunder (each, a " Notice ") shall be in writing and addressed to the parties at the addresses set forth on the face of the PO or to such other address that may be designated by the receiving party in writing. All Notices shall be delivered by personal delivery, nationally recognized overnight courier (with all fees pre-paid), facsimile (with confirmation of transmission) or certified or registered mail (in each case, return receipt requested, postage prepaid). Except as otherwise provided in this Agreement, a Notice is effective only (a) upon receipt of the receiving party, and (b) if the party giving the Notice has complied with the requirements of this Section. If any term or provision of this Agreement is invalid, illegal or unenforceable in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other term or provision of this Agreement or invalidate or render unenforceable such term or provision in any other jurisdiction. Provisions of these Terms which by their nature should apply beyond their terms will remain in force after any termination. The Agreement embodies the entire understanding between the parties with respect to the subject matter hereof and supersedes any prior agreement or understanding between the parties with respect to such matters. In the event that Seller hires an attorney to assert any of its rights or defenses in connection herewith or to collect amounts due, Buyer agrees to be responsible for all of Seller's legal fees and expenses as well as costs of collection.
