RE: List Price Sheet
Effective May 1, 2023

As a result of the continued increase in raw material and operating costs, Conduit Pipe Products is announcing a new list price sheet. The new list price sheet, 0523, supersedes list price sheet 0522 and represents an increase of 12% for all items.

List price sheet 0523 is effective with all shipments beyond May 1st. **Conduit Pipe Products reserves the right to limit customer orders based on historical sales data.** Please advise the Conduit Pipe Products sales department if this policy requires a change to your previously placed orders.

The Conduit Pipe Products list price sheet, 0523, may be printed from our web site; www.conduitpipe.com after April 28th.

On behalf of the Conduit Pipe Products employees, thank you for your continued support and valued business.

Sincerely,

Ellen Robb
Sales Manager

Gary Yambor
Sales Manager

Mike Ross
