

Lav Shield®

General Description:

LAV SHIELD® rigid enclosure is dimensionally engineered to comply with ADA requirements, design aesthetics and mechanical cooperation. LAV SHIELD conceals electronic faucet components, mixing valves, trap primers. And instantaneous water heaters*, eliminating vandalism while allowing wheelchair accessibility under lavatories. Available in the standard model for field fit applications or may be ordered as a factory pre-cut which closely follows the underside contours of the lavatory specified.

*Lavatory "rough in" should be considered to allow mounting room for water heater behind enclosure. Contact IPS Corporation for specifications.
