LAV SHIELD®

Overview

Lav Shield® represents the "next generation" of ADA compliant undersink protection by meeting mandated knee and toe clearance requirements for wheelchair users. Durable, single-piece construction prevents pipe and component tampering, and conceals all lavatory piping, electronic faucet connections, mixing valves, trap primers, and instantaneous water heaters*— a truly attractive alternative to individual component covers that will satisfy even the most discriminating designer.

TOTAL ENCLOSURE DESIGN
Heavy-duty, vandal-resistant enclosure shields all piping, electronic faucet components, mixing valves, trap primers, and instantaneous water heaters*. Vandal-resistant fasteners are available upon request.

SANITARY ADVANTAGES
Lav Shield contains an antimicrobial additive to resist fungal and bacterial growth making the Lav Shield an excellent cover to use in medical and health care facilities. Installing Lav Shield in these facilities eliminates the need to sanitize P-Traps, angle stops, supply lines and electrical components.

ADA-CONFORMING ATTRACTIVE PROFILE
The Lav Shield tastefully conceals all unsightly plumbing and components while satisfying ADA dimensional requirements.

STRICT CODE COMPLIANCE MINIMIZES RISK
The Lav Shield complies with ASME A112.18.9-2001, ADA article 4.19.4 (606.5), California P 1504B, ANSI A117.1, BOCA P 1203.4, and other state and local regulations.

EASY-TO-SERVICE SINGLE-PIECE CONFIGURATION
The Lav Shield may be quickly removed for convenient, unhindered access to all plumbing and mechanical components. Reinstallation takes just minutes.
WIDE VARIETY OF CUSTOM OPTIONS
Available in our standard field fit model which allows contractor to custom fit Lav Shield to underside of lavatory. For an even faster and more tailored fit, Lav Shield can be purchased factory pre-cut to the underside geometry of the actual lavatory being installed. Pre-cut models are listed on following page.

RIGID HIGH-IMPACT, STAIN-RESISTANT PVC
The Lav Shield is molded from impact-resistant, stain-resistant and chemical-resistant rigid vinyl for durability, safety and long life.
