

Mobile fume extraction unit 100-120 V with filter for adhesive fumes.

Item No: T0053667299N

Mobile fume extraction unit 100-120 V with filter for adhesive fumes.

The Zero Smog 6V fume extraction unit is easy to install and operate. It is designed for use as a centralised system. A powerful, maintenance-free turbine provides continuous fume extraction at a maximum air extraction rate of 615m³/h. With constant flow control the turbine speed is automatically adjusted to demand, avoiding unnecessary waste of suction power resulting in energy savings.

KEY FEATURES

- + For up to 8 workplaces
- + 1 connection included
- + The constant flow control (CFC) guarantees a optimal air flow regulation for each work place independent of the connected workplaces.
- + Efficiency test via USB port
- + Electronic filter control with optical and acoustical filter alarm

TECHNICAL DATA

Dimensions L x W x H	460.0 x 460.0 x 665.0mm
Capacity (m³/h)	615 m³/h
Compact Filter	Gas filter (50% activated carbon + 50% Puratex)
Compatible Nozzle	WX WT
ESD Safe	Yes
Fuse	T6.3A
Maximum Capacity	1-8 Workstations
Maximum Vacuum	2,800 Pa
Power	460 VA
UPC	037103310811
USB	The USB port can be used to load firmware updates, run efficiency tests and log data.
